Black Powder Cartridge Guidelines

The following guidelines should be used in conjunction with the Black Powder Cartridge Aggregate V being shot in the Territorial Matches.

Black Powder Cartridge Rifle: A hunting or military style rifle, single shot, originally made for black powder cartridges, of United States manufacture prior to 1896 and being typical of the era. Replicas thereof, regardless of origin of manufacture, are permitted. Hammer must be exposed. If replacement barrels, stocks, or other parts are used, they must be as original. No Schuetzen-style rifles permitted. One rifle will be used during all phases of the match. Examples of permissible rifles are: Ballard, Buck, Bullard, Cole, Farrow, Maynard, Peabody, Redfield, Remington Hepburn, Remington Rolling Block, Sharps, Springfield Trapdoor, Stevens Tip-up, Stevens No. 44, Wesson Falling Block, Wesson (hinged barrel), Whitney Phoenix, Whitney Rolling Block, Winchester 1885, and Wurffli. While the following single shot actions may not conform to the exact criteria, they are allowed because they conform to the spirit of the competition in form and function. Browning Model 1878, Browning Model 1885, C. Sharps '75, Falling Block Works, Stevens 44 ½ and Wickliff '76. Replicas other than exact reproductions of pre-1896 Black Powder actions as described above and shooting equipment as described herein may be approved by the Match Director.

- 1.a Maximum weight 14 pounds.
- 1.b Period correct scopes are allowed. Vernier ladder style sights are allowed. No modern or Olympic-type sights permitted.
- 1.c Trigger typical to the rifle and not subject to accidental discharge.
- 1.d Cartridges will be of the American black powder era. Originally black powder loaded, manufactured prior to 1896, and originally chambered in American-manufactured rifles, taking into account normal variations in types of brass and primers, as well as bore sizes, rifling styles, twist and chamber dimensions. Limited use and special chambering (wildcats) are not acceptable, Cartridges must be loaded with black powder or approved black powder substitute only. No smokeless powder in any quantity may be used. Match officials, at their discretion, may select one or more loaded cartridges at random, pull bullet, and check contents. Competitors will furnish their own ammunition.
- 1.e Cast or swaged lead or lead alloy projectiles only; no jacketed or gas checked bullets. Paper patching permitted. Breech seating is permitted but no additional time will be allowed.
- 1.f Stock: Forearm must be attached and shall be of traditional design not to exceed 2 inches in width, cannot extend below the line of the bottom of the receiver or base of trigger guard, and no attachments will be allowed on the forearm. Measured from the centerline of the bore, the drop at the heel shall not exceed 2 ¾ inches; drop at toe shall not exceed 8 inches. No portion of the rifle stock behind the rifle action shall be higher than ¾ inch below the centerline of the bore. The butt shall not be longer than 5 ¼ inches top to bottom. Cheek pieces are permitted, but no roll over. Pistol grips are permissible, but no flared or hand-contoured styles. Crescent-style buttplates are permissible, but cannot be over 1 1/8 inch deep when measured from a straight line from points of the buttplate. Commercial recoil pads are permissible. Stocks and forearms must be made of natural wood and must be in keeping with designs of stocks of the era.
- 1.g No slings are permitted
- 1.h A palm rest may not be used. A palm rest is any attachment or extension below the forearm which aids the normal hand grip and support of the rifle by the forward hand / arm.
- 1.i An "Open Bolt Indicator" is required in all matches to indicate the bolt is open. When the "Cease Fire" command is given, all rifles will be unloaded, and Open Bolt Indicators will be inserted immediately. Actions will remain open.
